TO MEET WITH SCHOOL BOARD

Committee From Rushville Civic Improvement Association to Discuss New Building Possibilities.

SESSION SET FOR TONIGHT

Board and Public Sentiment Seems to Favor Throwing New Structure Open to Use of Public.

A committee from the Rushville Social Service and Civic Improvement association will meet with the city school board and superintendent of schools this evening to discuss the advisability of and possible arrangement for throwing open to the use of the public the gymnasium which will be installed in the new school building that will be erected on the east end of the Graham school lot this summer, and for the erection of which, the contract will be let May 19.

In addition to a modernly equipped gymnasium, the new building will contain an auditorium, according to the present plans, which will seat 750 people. It was at first thought by some that that sized auditorium might be too large, but since members of the school board saw the crowd of more than nine hundred people at the coliseum, they, as well as others, have revised their opinions and it is generally agreed that an auditorium seating 750 people will be none too large.

The Rushville Civic Improvement and Social Service association feels that it could accomplish a great deal if it had the advantage of the new school building as a social center. It would lend an attraction to the work of the members of the association that would enhance its value to the community a hundred fold.

It is said to be the unanimous belief of the school board that the new school auditorium and gymnasium should be thrown open to the use of the public, because the taxpayers pay for the building. It is generally conceded to be poor business judgment when an investment of forty thousand dollars is allowed to lie idle, with the exception of eight hours a day. School buildings elsewhere have been used as community centers with excellent results.

There is said to be no doubt but that the school auditorium will open to use for any lecture, entertainment or any event of public or semi-public nature. This could be very easily managed, it is pointed out, but when the gymnasium is thrown open, the use of it will naturally have to be supervised because of the danger of valuable equipment being destroyed and because there would have to be some set program under such conditions.

When there was first talk of building the new school house the question of using the school auditorium and gymnasium was then aroused. At that time members of the school board were reported to look favorably on the project and it is said they have not changed their opinion in the least.

Interest in the new building was taken up again last night when pen drawings by the architect arrived here. From the drawing, it is evident that the building will be a beautiful structure. The north half of the building will be devoted to the auditorium and the gymnasium and the south half to the eight school rooms. A corridor will run through the center of the building so that in case the auditorium is used at night, there will be no necessity for passing

CLINTON MARSHALL DEAD

Well Known Colored Man Expired After Long Illness.

Clinton Marshall, 38 years old a well known colored resident of this city, died last evening at six-thirty o'clock at his home in East Seventh street after a long illness. Mr. Marshall had suffered for several months from a tumor at the base of the brain and death had been expected. He is survived by his widow and two adopted children, and also his mother, Mrs. Perry Fred. The funeral services will be conducted Thursday afternoon at two o'clock in the Second Baptist church, under the auspices of the colored Masonic lodge. Burial will take place in East Hill cemetery.

TO GIVE BOOKS TO PUBLIC LIBRARY

First Presbyterian Sunday School Will Donate its Collection, Librarian Announces Today.

MONTHLY REPORT IS MADE

Miss Mary Sleeth, librarian, reported to the library board last night that two thousand, one hundred and ten people patronized the library during the month of April. One thousand and sixty-eight books were loaned during the month, which is a daily average of forty-one and a half. This is below the average for the winter because just as soon as warm weather arrives, there is a noticeable decrease in the patronage of the library.

The board plans to buy some new books this morning. It was also announced today that the First Presbyterian Sunday school intended to give its library to the public library.

In fiction, Winston Churchill's "Inside the Cup" was the most popular book of the month, and of non-fiction, Mary Austin's, "The Promised Land," was the most called for. In juvenile books, the series for boys by Francis Holt-Wheeler was out most of the time, the librarian says.

JUDGE BLAIR WILL ACT AS JUDGE HERE

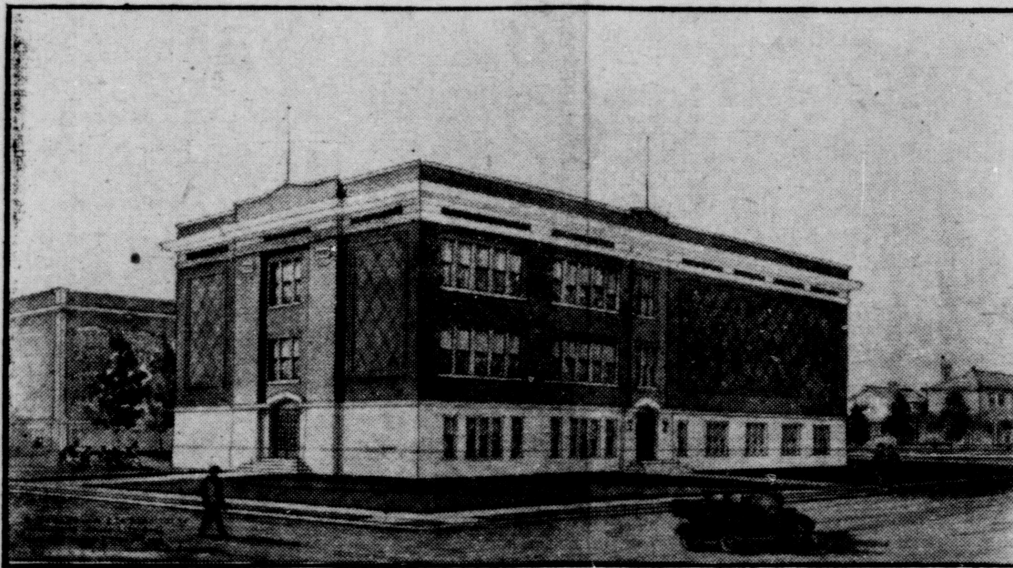

Former Judge of the Rush-Circuit Appointed to Hear Moses and Mary Vandembark Case.

WILL BEGIN MONDAY, JUNE 15

The case of the Kokomo Trust company against Moses and Mary Vandembark, in which \$7,000 in notes is demanded will be tried in the local court before Judge Alonzo Blair of the Shelby circuit court. The attorneys in the case agreed that Judge Blair should try the case and Judge Megee granted their request for a change of judge. The case will start Monday, June 15. The case was set for trial starting next Monday and for this reason the calendar is now vacant and Judge Megee may give the attorneys a week's vacation.

The case was sent to this county from Henry county on a motion for a change of venue by the plaintiff. Judge Megee refused the Second National bank of Richmond, a party to the suit, a change of venue on the grounds that one change had already been taken.

School Building To Be Erected Here

A pen drawing of the proposed school building to be erected in the east end of the Graham school grounds was received last night by the school board and accompanying it was a photograph of the building. This is the first picture of the building which has been printed. The north half of the structure will be devoted to the auditorium and gymnasium and the south half to eight grade rooms and a basement. The building will be of the most approved type and will be constructed in accordance with the Indiana school building law.

ANTICIPATE A BIG CONCLAVE

Rushville Knights Templar Expect Sixtieth Annual Meeting to be One to Set New Records.

WILL HAVE PART IN PROGRAM

No. 49 will be One of Six Commanderies Which Hold Receptions.—Banquets and Receptions.

Members of Rushville commandery No. 49 Knights Templar are looking forward with pleasant anticipations to the sixtieth annual conclave of the Grand Commandery of Indiana Knights Templar which will take place in Indianapolis May 13 and 14.

The coming conclave will excel by far any state meeting ever held in Indiana as a number of the officers of the Grand Encampment of the United States will be present. In view of this fact a special program of unusual length and variety has been arranged.

The Rushville company will have no small part in the meeting. Together with Raper No. 1 of Indianapolis, Richmond No. 8, Knightstown No. 9, Greenfield No. 39 and Newcastle No. 44, it will hold a reception to the visiting commanderies at the Claypool hotel Wednesday evening at eight o'clock.

A note on the program says that Sir Knights will appear in full Templar uniform without swords at all receptions. This will be impossible for the members of the Rushville commandery, with a few exceptions, because their uniforms were destroyed in the Masonic Temple fire last summer and they have never yet been re-equipped.

However, the commandery has determined to have some distinguishing badges printed and it will be determined at the meeting tonight just what inscription those badges will bear. It has been suggested that they should read: "Burned Out, But Still in The Ring."

The Knightstown commandery, which was the first one organized in this part of Indiana and the ninth in all of the state, will be especially honored at the conclave. At the opening of the conclave at two o'clock Wednesday afternoon, the Knightstown company will assist in the ceremony and perform the military evolutions incident thereto. It is seldom the case that this honor is accorded to any company except the one entertaining.

IMPROVEMENTS MADE BY CITY

Extension of Many Water Mains and Electric Light Wires Reported to the Council.

CITY PARK WELL CONNECTED

Tap Line Will be Added so That Fresh Water May be Obtained at Park Any Time.

The city council met in regular session last night with Councilmen Wagoner, Brann, Scudder and Sexton present and Mayor Bebout presiding. There was nothing of very great importance before the council and only the routine business was transacted.

A petition for sidewalks in West Eighth street, from Arthur street to Spencer street, was referred to the street and alley committee. The petition was up at the last regular meeting, but nothing was done.

It was decided to put a two-inch water main in West Eighth street from Arthur street to the Big Four railway. The cost to the city will be about \$145, according to an estimate made by Superintendent Mahin. A petition was presented some time ago and it was granted by the council. Electric wires will also be extended from Arthur street west to Spencer street.

Councilman Sexton of the finance committee reported that the county treasurer would turn over to the city treasurer \$5,000 in taxes, collected from the spring installment, today.

The special committee appointed by Mayor Bebout to select a superintendent for the South Perkins street and East First street improvements, reported that it had employed Marshall Newhouse. The report was received and the committee discharged.

The city treasurer's report for the month of April was read and ordered referred to the finance committee.

Superintendent Mahin of the water and light plant reported that the water well in the city park had been connected up with the mains in Ninth street and the pump placed in the house ready for use. This well is fifty eight feet deep and will furnish water per minute. It is planned to arrange a valve inside the house and run a tap line to furnish water for the city park. Mr. Mahin states that this will give the city park the finest water in the city and that it will always be cool and plentiful.

The water and light superintendent stated that the water main extension

DICTATOR TAKES TO LIQUOR

With Troubles Increasing, He Drowns Them in Drink.

(By United Press.)

Vera Cruz, May 6.—With the Mexican Rebels advancing on the Capitol and with Mexicans fleeing the city to gain protection under the American flag here, Dictator Huerta has taken to drink. This was declared today by arriving refugees. Starting in the morning with his usual cognac, the dictator plies himself with liquor all through the day.

MODERN WOODMEN AT WASHINGTON

State Camp Meeting Today Attended by Thousand Delegates—Dr. J. G. Lewis From Here.

HE SEEKS FOR STATE OFFICE

(By United Press.)

Washington, Ind., May 6.—The triennial state encampment of the Modern Woodmen of America was held here today. Between 700 and 1,000 visitors are in the city. The hospitality of Washington is taxed to the limit. Seventy-five members of the reception committee have been making fast trips to the trains meeting delegates. The biggest problem the city had to meet was that of furnishing sleeping quarters for the visitors last night. The important business sessions were under way today.

Dr. John G. Lewis, of this city, was in attendance today at the triennial state camp meeting in Washington representing the Modern Woodmen lodges of Rush county. Dr. Lewis is a candidate for the office of state physician and while in Washington was building up his political fences.

WILL MAKE FIRST TRIP TOMORROW

City Wagons Will Pass up and Down Alleys to Gather up Debris Collected Clean-up Week.

ANOTHER TRIP SATURDAY

Tomorrow is the day that the city wagons will pass up and down the alleys of the city and haul away the debris that those among Rushville people, who want to make this a spotless town, have collected. The wagons will make the final trip Saturday and by that time persons who have been cleaning up their premises should have the trash piled up in the alley by that time if they expect to get it hauled away free of charge.

This is the official clean-up week, but the weather has not been very conducive to cleaning up. Heavy clouds have hung in the skies every day, but in spite of this many lawns and yards have been cleaned in preparation for the coming of the city wagons. The sun began to peep through the clouds at noon because the weather man said it would be clear today. He makes the same forecast for tomorrow so that there is no reason why everyone should not find opportunity to clean-up.

ROBERTS CASE IS ONE OF SIX

Charlottesville Man Will be Tried For Arson Result of State Fire Marshal's Activity.

FIVE OTHERS ARE ACCUSED

Taylor Robert's Case Set For This Week But Was Postponed Because of His Illness.

The bulletin from the state fire marshal's office in Indianapolis this week says that at least six cases of arson will be brought to trial in the near future as a result of the efforts of the legal department of the office.

One of these is against Taylor Roberts of Charlottesville, who is charged with attempting to burn a house he owned in Alexandria, Ind. The trial was set for this week in the Madison circuit court in Anderson but had to be postponed until the defendant recovers from an attack of typhoid fever. Although Roberts is reputed to be wealthy he has thus far been unable to furnish a bond of \$200.

In every instance where a fire of suspicious origin is brought to his attention, the fire marshal is planning to make thorough investigations and push active prosecution whenever evidence can be obtained.

"Probably the greatest obstacle standing in the way of the successful conviction of agents of incendiarism," says the Indiana state fire marshal, "is the lack of co-operation obtained by the fire marshal department in local communities."

"There is too much sympathy for the man who has a fire. The people of the United States should adopt the attitude now common in Europe, that a fire, in itself, is almost a crime. They should naturally hold the owner responsible. He should have to prove his own innocence rather than require a public officer to definitely prove him at fault."

The fire marshal estimates that at least 65 per cent. of all the fires that occur in Indiana are due to carelessness. He feels that if owners who are responsible for conditions which lead to fire were regarded as guilty of criminal negligence by the community, the number of such losses would be materially lessened.

Collapsible water towers used by the Berlin fire department are but five feet long when closed, but can be extended to throw a level stream of water into the eighth floor of a building.

Making a Market For Manufacturers

When a manufacturer of a nationally sold product uses the newspapers for his advertising he is not wasting any ammunition.

He is making a market just where he believes it will pay him best. He is gaining the support of the dealers in that market as well as the support of the buying public. He can see the results at once. He can rectify mistakes before it is too late.

Manufacturers are coming more and more strongly to realize that newspaper advertising has a tremendous effectiveness that is not possessed by any other mediums.

Why Not Pay More?

For Sherwin-Williams Paint Than For Some Others

REASON No. 1—Because there is 20% more pigment in a gallon can and pigment costs more than oil.

REASON No. 2—Because the formula is on the can; you get just what you pay for—an honest paint.

REASON No. 3—There is no coal oil or cheap mineral oil in it.

REASON No. 4—It has stood the test for 60 years and more calls than any 3 mixed paint on the market.

Experiments by Department of Agriculture Show This Has Great Bearing on Wheat Crop.

CLIMATE HAS A BIG PART, TOO.

Colony Houses Are Best Homes for Poultry, According to Exhaustive Investigation Just Made

(By United Press.)

Washington, May 6.—Colony houses are the best homes for poultry. Uncle Sam has decided this after an exhaustive investigation conducted by Alfred R. Lee, junior animal husbandman of the poultry investigations branch, Department of Agriculture.

Lee has been raising chickens at Beltsville, Md., so that farmers throughout the country, who go in for chicken raising as a business or a side line may have the most practical as well as scientific information available.

The prime essentials in poultry houses are fresh air, dryness, sunlight and space enough to keep the birds comfortable, according to Lee.

"No particular house is adapted to all parts of the country," he concludes, "but generally speaking the southern houses should have more exposure than northern structures. The location should have good water and air drainage so that the yards will be dry. The house should not occupy a low pocket or hollow in which cold air settles and it should be situated for convenience in management and adapted to the available land."

He declares poultry can be raised successfully on any well drained soil.

Long stationary houses, the intensive system—saves steps, Lee believes, but the colony system works for healthier birds, because they get more range.

Such houses should be built to accommodate about 100 hens, and located from 200 to 250 feet apart so

that the stock will not kill the grass. In the winter these houses may be drawn closer together to reduce labor during these months. Lee advises against much fencing both because it raises the cost of the plant and because it prevents cultivation of the soil to keep it "sweet."

The ideal size for the colony house is one large enough to give two to five square feet of floor space for each bird. Concrete blocks may be used to advantage as may any well-seasoned lumber but he advises against concrete straight.

Roosts, nests, dropping boards, and flooring, he believes, should be constructed with a view to cleanliness and sunlight.

Environment has more influence in wheat raising than does the composition of the seed, according to officials of the bureau of chemistry. Furthermore new tests show that in environment, climate plays a more important part than soil.

To demonstrate this, the department conducted experiments in California, Kansas and Maryland, using soils from all three sections in each experiment. The results showed conclusively that the wheat in one section was practically alike, regardless of what portion of soil it grew on, but it differed from the wheat in each other section.

Beauty and utility combine in the udo, a Japanese plant. The Department of Agriculture hopes that it will be grown for utility, inasmuch as this has been demonstrated. It has been used for ornamental purposes for some years.

The blanched roots of the udo have a characteristic flavor, and if properly cooked furnish a delicious dish.

It is a plant requiring little care, and with the space devoted to it yields about the same amount of food as asparagus. It grows to a height of ten feet or more and can be forced each spring for at least six years. Aside from its value as a food plant, the udo is regarded as a distinct find for bee keepers inasmuch as its flowers attracts great swarms of honey bees. It grows well in moist regions, particularly New England, the Atlantic States as far south as the Carolinas, in the rainy region of Puget Sound and in the trucking sections of California.

Perhaps the greatest difficulty connected with the cultivation of the udo is the blanching of the shoots. It is these that are regarded as the real delicacy, for the flavor of the stems when green has a certain rankness which is unpleasant to most palates. Various methods of blanching the early shoots have therefore been experimented with. In California excellent results have been obtained by moulding up the earth in the early spring over each plant much as is done with asparagus. Elsewhere, however, the late frosts make the soil too cold and the shoots are slow in coming through.

Udo soup and salad are among the dishes suggested by the Department.

If You Were Indicted for Murder---

would you care to be tried before a jury whose minds were on other affairs and who would not listen to your testimony? The chances are you would want men who would give their whole attention to your case. You may never be tried for murder but the same proposition applies to every business transaction you make. When you want to buy an article go to the man that specializes that article. Now for instance if you need a vehicle of any kind—that is where I ring in. That is why I can give you better vehicle values, better styles and better service. My whole time and attention is centered on one thing. Every day in the year, Mr. Vehicle Buyer, I am working to obtain better prices and better style for you to make your selections from. Place your business with a man who creates new styles and is working at the business every day to give you satisfaction. I want your vehicle business and don't you think it is a better proposition to place it with me than with some one that is selling buggies as a side issue?

ELLA HALL.

It is natural to suppose that the film children of today will be the film children of tomorrow. Ella Hall, who for the past six months has been playing ingenue leads, is just betwixt and between. She is sixteen years old, and she can still play the parts of a woman or a child.

A coming two part comedy, "Mabel at the Wheel," is one of the funniest offerings for a long time. The action centers about the recent Grand Prix road races at Santa Monica, Cal.

Once more George H. Melford shows what he can do with a dual role. In "The Master Rogue," a two part drama, scheduled for release May 4, Melford performed what has hitherto been deemed a well nigh impossible feat when he portrayed the roles of the "lead" and "heavy," and, in addition, directed the production. Incidentally, photo play patrons will see one of the most exciting explosions ever filmed, when tons of dynamite destroy the den of the smugglers, bringing death to the master rogue.

SCENE FROM "SHADOWS."

An interesting photo play, with real heart throbs, is "Shadows," just released.

A raging prairie fire that extends for miles is one of the stirring features shown in the two part drama, "A Man's Soul." Because of his terrible desire for drink, Lucy leaves Richard Carleton, her husband. His reform and rescue of his wife from the prairie fire forms the climax.

"The Spoilers," Rex Beach's story, had its first release as a special in Chicago at the Studebaker theater on April 20. Its first further west presentation is at the Taber Grand Opera House, in Denver, on April 26.

Alice Joyce Running does not mean that one of the best loved stars in motion pictures is undergoing violent physical exercise. It is the name of a beautiful, lusty voiced, nine pound daughter that recently came to bless the home of Mr. and Mrs. A. J. Running. The daddy of the little Alice Joyce is the proprietor of a motion picture theater 'way up in Fairbanks, Alaska.

The life of Al Jennings, former bandit, will be reproduced in a six reel photo play. The scenario will follow closely the story of Jennings' career as country official, train robber and convict and will carry the title "Beating Back."

The New Building.

The Rushville school board is to be congratulated on its advanced stand on the question of allowing the use of school property by the general public. Of course it is a sensible and sane view that the people should be free to use the school building since they, by their payment of taxes, make it possible. School buildings are built so that children may be educated, but there can be no objection when something is planned which will not add expense and which will not conflict with the purpose for which the building was erected.

A committee from the Social Service and Civic Improvement association will meet with the school board tonight. The committee hopes to work out some plan whereby the new school house, since it is going to be equipped so conveniently, could be converted into a community center outside of school hours. There is no doubt but that the value of the association to Rushville would be increased by the use of the school house.

But the step in that direction, it seems, should be even greater. The gymnasium should be open to the use of all persons in Rushville, providing, of course, that there was some arrangement whereby the use of the

equipment may be supervised. There seems to be no doubt but that the auditorium will be available for most any sort of entertainment, meeting or lecture. The school board is said to favor that plan most enthusiastically.

There is said to have been some disposition to want to make changes in the proposed building, as planned, because there is danger of the cost being greater than it was expected it would. We see no reason why there should be any small "skipping" in erecting a public building that is to serve Rushville for years. The school city is in a healthy financial condition and the board may as well devote its funds to a good cause.

While there are many little things that might be taken from the building and not be noticed, it would be unwise not to make the building the most modern and best equipped under the circumstances. School buildings are not built in Rushville every month. The people of Rushville should support the school board in carrying out its excellent ideas.

Parcel Post Was Established at Great Cost

By JOHN A. BENDEL, New York State Engineer

THE public generally has little or no appreciation of what transportation costs really are, and the best example of that which I can cite is the case of the parcel post. We hear all the time of the success of the parcel post; but, as a matter of fact, what its introduction has accomplished is the elimination of a well established method of transportation and the substitution for it of a new and UNTRIED METHOD WHICH IS A SAVING MERELY ON THE FACE OF IT. A DEFICIT OF THIRTY MILLION DOLLARS IS SADDLED UPON THE TAXPAYER BY THE PARCEL POST, but the vagueness and incalculability of such a distributed and indirect tax causes it to be overlooked in connection with the apparent saving in cheap parcel rates.

Judge Today Sets Grand Jury at Work on Murder Case Which Resulted From Labor Troubles.

C. E. PERSON WILL BE INDICTED

He is Accused of the Murder of Ex-Police Chief Tony Musser—Known as "Striker-Editor."

(By United Press.)

Clinton, Ill., May 6.—May 18 was the date set today for the opening of the May term of court here when Carl E. Person, "striker-editor," will be tried for the murder of ex-police chief Tony Musser. The judge today set the grand jury to work on this case and an indictment is regarded as certain.

The Illinois Central shops, constitute the chief industry in the little city of six thousand people, and the whole community is inclined to take the side of the railroad and Musser although all admit that in the fight in which Musser was killed he was the aggressor.

Thirty months ago began the great labor struggle of which the Musser killing was only a tragic incident. Employees of the Harriman lines, of which the Illinois Central is the chief, already organized into unions, formed a system federation by which all the allied unions on road and in shop were to have a single group of officials as an executive head. They struck, then were locked out by the road and the fight was on.

Person, a machinist, left his bench and became an editor. The paper, "The Strike Bulletin" contained many bitter attacks on the Illinois Central and its labor system. The most violent of these was "The Graveyard Special" in which he pictured numerous wrecks with loss of life in the Illinois Central and charged they were due to the unskilled non-union labor employed. In his editorials Person bitterly arraigned the Clinton citizens who sided with the road against the strikers. In September, 1913, Person was waylaid on the streets of Decatur, a neighboring city, and slugged. Recovering, he returned to his office and continued to publish "The Bulletin." Then his office was raided by United States deputy marshals and railroad detectives and Person arrested. He was taken into United States district court at Springfield and arraigned on a federal indictment charged with using the mails to circulate matter "reflecting on the conduct of the Illinois Central." The indictment of seven counts still hangs over him.

Conviction would bring a penalty of 35 years in federal prison and fine of \$35,000. Person was released on bail.

Continuing to edit his paper, Person last December took occasion to pay his respects to ex-Police Chief Musser, who had entered the employ of the Illinois Central as a strike breaker in the Clinton shops. On December 11, according to most accounts, Musser, using, it is claimed the name Kirk, telephoned Person to meet him at the stationhouse. Musser, it is said by spectators in the station, had overpowered Person by his greater size and was beating him when Person drew a revolver and shot.

If public opinion in Clinton is against Person, the sympathy of organized labor throughout the state is with him, and large funds have been raised by "Person Defense Leagues" and turned over to his counsel, Frank D. Comerford of Chicago a labor attorney and a Democratic candidate for the United States senate, has been engaged with Arthur Miller, leading Clinton attorney, to defend the slayer. States Attorney Louis O. Williams will be alone in the prosecution unless the railroad should come forward with assistance.

Person, who has continued to edit his paper from his cell in the county jail, refuses to take a personal view of his trial, insisting that is merely an incident in the greater struggle

between labor and capital. He is hopeful of the outcome.

"I am one of the workingmen," he said, "that is all. If I die, why I can easily be spared. I haven't any mother to mourn me and no wife and children to leave struggling for their lives. Better me than a man with a family."

The house was fragrant with American Beauties, quantities of the gorgeous blossoms being used to brighten the rooms. Unusual entertainment had been provided for the guests in the form of a musical and dramatic program by Jess Pugh, assisted by Mr. Maupin, pianist. Mr. Pugh's popularity is too well established in Newcastle to make necessary any com-

ment on his work last evening. If anything, however, his readings were above his usual standard and he swayed his hearers at will from tears to laughter. By request he gave a selection from Kipling's "Light that Failed" and a number of impersonations of Harry Lauder, in which he excels.

Never Suspected Kidney Trouble

Gained Fifty Pounds in Weight.

Some time ago I was suffering from what I supposed was rheumatism. I became so bad that I could hardly get on my feet from a sitting position. I ran down in weight from 195 to 145 pounds. I tried different kinds of medicine but received little or no help. I saw Dr. Kilmer's Swamp-Root highly recommended for kidney trouble, but I never had any idea that my kidneys were affected. I thought I would try a fifty-cent bottle of Swamp-Root and see what the effect would be. I commenced taking it according to directions and in a few days I saw that it was helping me. I used the fifty-cent bottle and then bought three more dollar bottles and they completely cured me. I have gone back to my original weight—195 pounds—and I am a thorough advocate of Dr. Kilmer's Swamp-Root as I believe it to be a remarkable preparation for what it is recommended to do.

ENTRIES MADE FOR TRACK MEET

Rushville Will Send Only a Few Men to Shelbyville But Hopes to Make Good Showing

AND OFFICIALS ARE SELECTED

Special Train Carrying Rooters will Leave Here Friday Morning at Eleven O'clock

All arrangements for the track and field meet and the oratorical contest to be held in Shelbyville Friday have been completed. The complete list of entries in the track and field events have been received by the officials in Shelbyville. The Rushville list of entries is not large and the school will attempt to make a showing in only the dashes and relay event.

In the high jump the following men from the local school have been entered: Osra Farthing, Merrill Wilson and Lucien Anderson. James Shanahan. Wilson and Farthing will represent the school in the 100 yard dash. The men entered in the mile run are Orlando Simmes and Stacey Hinkle. Shanahan, Wilson and James Laughlin will enter the 220 yard dash. Charles Frazier and Forest Webb are entered in the discus throw. Frazier, Webb and Hinkle are in the shot put event.

Frazier in practice has been putting the fourteen pound shot thirty-six feet with surprising regularity and is expected to capture this event with ease. Shanahan, Simmes and Laughlin will represent the school in the 440 yard dash. Farthing, Wilson and Anderson will take care of the broad jump event. The local school has no entries in the pole vault. The relay team is composed of Farthing, Hinkle, Shanahan, Simmes Kennard Allen and Wilson.

John Graff, of the Indianapolis Y. M. C. A. has been named for the official referee and the starter is Vincent Moore, of Indianapolis. The timers are H. B. Wilson, Rushville; R. U. Fendley, Greenwood; W. S. Peters, Shelbyville. J. C. Edwards of Shelbyville will act as scorer and clerk, and the field judges will be L. B. Smelser of this city; Fred Wood Westfield; Jesse Warrum, Greenfield. The track judges are F. E. Ellis, Greenfield; J. L. Furnas, Westfield; W. H. Hill Sheridan.

The Sheridan and Westfield track teams have been in one meet this year and showed up good. The track meet was held last Saturday at Noblesville and Westfield finished second and is expected to be a contender at Shelbyville. Sheridan and Westfield are believed to stand a chance of winning Friday at Shelbyville.

The special train over the Pennsylvania for Shelbyville will leave here at eleven o'clock Friday morning and a large crowd will make the trip.

FREAK NAMES IN DIRECTORY

Indianapolis Could Furnish Many Great Men for War, at Least in Name—4 Washingtons

PLENTY OF SCOTCH POETS

Might Duplicate Acts of Great Men of Other Times if Given Chance. Banaparte Owns a Restaurant.

(By United Press.)

Indianapolis, Ind., May 6.—This city has a wealth of famous men in name at least, who if a crisis came might duplicate the acts of great men of other times. If war with Mexico should come, for instance, any one of the four George Washingtons in Indianapolis might drop their tools, take control of the army (if they could get it) and uphold the nation's honor. These modern fathers of their country are a carpenter, laborer, a stonemason and a barber, according to the city directory just out.

Oliver Cromwell lives in Indianapolis. Doubtless he keeps his head shaved in memory of the famous roundhead. He is a laborer. There are two Benjamin Franklins. One is employed by a trust company and the other is a laborer.

There is no dearth of Scotch poets. Robert Burns could pass himself five times and not repeat if he should visit this city. He would meet a telegraph operator, a clerk, a laborer teacher and waiter, and doubtless they are all poets, for they live in Indiana.

Merely! There are twenty Solomons. They touch nearly every walk of life except the legal profession.

Other names that appear are Bonaparte and Villa. Rose Villa lives in East Court street and is a clerk. Hannibal Bonaparte runs a restaurant. No desert isle for him.

The water main extensions in South Perkins and East First streets have been completed at a cost of \$158.80.

The attention of the council was called to the fact that a number of fire alarm boxes in the northwestern part of the city have the keys in private homes and the complaint was made that they should be left in the boxes. Fire Chief Easley was instructed to see that the keys were placed in the boxes.

All the bids for the gravel and stone received at the special meeting last week were rejected by the council. It was decided not to purchase the gravel and stone at this time.

There will be entrances from Willow street and at the west end of the corridor, and also on Sixth street. The stage will be located in the north end of the auditorium section and on each side of the north end, there will be entrances off the playground leading to the gymnasium and to the stage.

The gymnasium will be in the basement under the auditorium. It will have a seventeen foot ceiling and arrangements will be made to seat as large a crowd as would likely attend

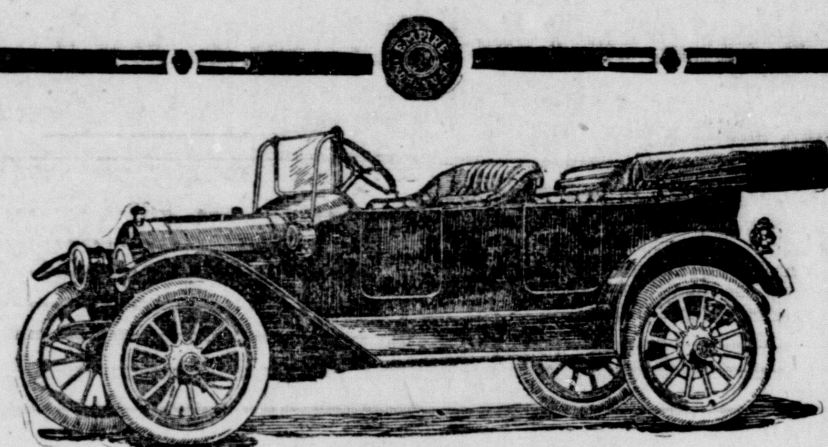

any athletic contests ever held in the gym. There will be a running track, which will be an innovation for Rushville, and much other equipment for the high school athletes.

The gymnasium, of course, will be for the use of all students. In the center of the north end of the gymnasium there were to be a series of lockers for the use of students. At one corner in the north end there will be a toilet room and shower baths for boys and a similar arrangements for girls in the opposite corner.

A marriage license was issued late yesterday afternoon to Roy S. Breeding of Indianapolis, and Miss Marverne Bebout, of this city.

EMPIRE

"The Little Aristocrat"

\$900

With Remy Electric Starting and Lighting \$1025.

At just \$900 the EMPIRE five passenger Touring Car or Stream Line Roadster offer a high degree of motor car value. It is more sumptuously appointed than ever. It is completely equipped and covered by a year guarantee.

This is the car that made the remarkable record in the 4,000 mile Indiana-Pacific tour of last summer. In company with 19 other cars (all bigger and heavier and much more expensive) it crossed the highest pass of the Rockies, conquered the vast Utah and Nevada Deserts and reached the Pacific with Indiana air in three tires—the first and only car of its class to cross the continent via the Midland trail.

300% increase in spring shipments from the EMPIRE plant show what the motorists of the country, and of the world, think of the EMPIRE.

Come and Inspect this Great Car of Moderate Price, Light Weight and Marvelous Performance.

COTTON FROCKS DISPLAY THE SAME STYLE FEATURES AS THOSE OF SILK OR LINGERIE.

We have quite gotten away from the old idea of a cotton frock; it no longer stands for morning wear alone but shows quite as many frills and flounces as its aristocratic silk sister and fills the bill for afternoons or the summer hotel hop quite as efficiently. Small patterned voiles and crepes, narrow striped cottons, lingerie and net are made up alone for these frocks or are combined with taffetas, crêpe de Chine and other silks, plain and fancy.

A flower-strewn crêpe showing a small pink bud on a cream background is used for the young girl's dress (8352); the scalloped outline on the bodice and tunic are edged with narrow Valenciennes lace and the girdle is of satin in a soft shade of French blue. 6 1/4 yards of 36-inch crêpe are needed to make this dress for a girl of eighteen, with 9 yards of lace edging.

The second costume, fashioned of white eponge, shows a cape effect and a modish collar, flaring away from the throat; the skirt is a one-piece model with a double circular tunic. The blouse (8343) may be copied in size 36, with 1 1/2 yards of 36-inch material; the skirt (8344) requires 3 3/4 yards of the same width for size 24. A happy combination of taffetas and net is shown in 8365-8366; the color is pale yellow and a most pleasing contrast is afforded by the bowed girdle of black. The bodice shows a novel raglan sleeve and a small standing collar, flaring in the new way. The blouse (8365) requires for size 36, 2 yards of 36-inch material; 3 3/4 yards of the same width are needed for the skirt (8366).

Number 8352 sizes 16, 17 and 18.
Number 8343 sizes 34 to 42.
Number 8344 sizes 22 to 30.
Number 8365 sizes 34 to 44.
Number 8366 sizes 22 to 32.

BE PRETTY! TURN GRAY HAIR DARK

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is messy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and glossy.

one-half of Lot 57 in H. G. Sexton's heirs' addition to Rushville, \$4200.

Rebecca Sampson and husband to John A. Knecht, et al., west one-half of lot 57 in Carthage, \$300.

Joseph L. Cowing, et al to Claude Cambern, et al., trustee, Rushville lodge 1307 B. P. O. E., part of lot 48 in the original plat of Rushville, \$6500.

Rose A. Jinnett and husband to Ida B. Smith, lot 14 in Jinnett's addition to Manilla, \$65.

Wallace Morgan, guardian of Charles H. Cline, to Flora B. Hitt, 4 1/2 acres in Rushville township, \$1500.

James O. Draper and wife to Anna M. Ryse, 31 acres in Ripley township, \$4000.

Joseph F. Riche et al. to Albert M. Thompson, lot 13 in the original plat of Milroy, \$4000.

Arthur B. Irvin, trustee to Edward E. Sherman, quit claim to lot 6 in McMahan and Foster's addition to Rushville, \$300.

Harry Spaulding and wife to Elizabeth M. Peck, lot 37 in Milroy, \$350.

Oliver Malcolm, guardian, to Marion Owen, et al., the undivided 1/5 of 2/3 of 1/6 of 1/2 of 47 acres and 100 poles in Orange township, \$52.

Walter Thomas and wife to John A. Knecht, et al. South one-half of lot 86 and lot 85 in Stewart and Tompkins' addition to Belmont, \$350.

Henry M. Robbins and wife to Wm. H. Eaton, 6 1/4 acres in Posey township \$7687.50.

Alpheus P. Walker and wife to James Arnold, 120 acres in Posey and Rushville townships, \$16,200.

Johannon M. Amos and Arthur B. Irvin, trustee to James Arnold, quit claim to 120 acres in Rushville and Posey townships \$16,200.

Jeremy Walker to James Arnold quit claim to 120 acres in Posey and Rushville townships, \$1, etc.

Ella A. Neutzenhelzer and husband to Fred A. Caldwell, part of lot 35 and ground adjoining same in the original plat of Rushville, \$5000.

Jasper D. Case and wife to Edgar Thomas, lot 2 in Geo. W. Tompkins, addition to Milroy, \$2800.

NEEDLEWORK

By MARGARET LAWRENCE

Fancy white aprons are always welcome gifts to a bride-to-be also to the church fair, as they find ready sale at bazaars of all kinds. A dainty apron, such as this one, is suitable for wear at a chafing-dish party or sewing bee. It may be made in any shape of fine lawn, plain swiss, batiste or handkerchief linen and embroidered by hand. The edge may be finished with lace, hemstitched hem or a plain scalloped border.

The sprays in pattern No. 14679 may be separated and adapted in any way desired, to aprons, waists, dresses and negligees. The flowers should be developed in solid work, the leaves in solid work or eyelets and the dots in large French knots, white mercerized cotton should be used in developing this design. Guaranteed, hot iron transfer pattern will be supplied to readers for 15 cents.

A Wise Buyer of Shoes Knows when to Pay a Dollar More.

Sometimes the Economy instinct which is a fine instinct, leads us to try to "save" a dollar in the wrong way in buying shoes, for instance. You can get a pair of shoes for \$4.00 or \$5.00 that are real shoes that will give you real service. Then you can get a shoe that "looks all right" for \$1.00 less, but don't imagine that you would be SAVING THAT DOLLAR for you would not. Troops About to Sail to Mexico;
Army Mules Are Still In Use

Photos by American Press Association.

UNITED STATES troops were long prepared to move on Mexico. When the word came that the fleet had been ordered to establish a blockade the transports at Galveston began taking on soldiers from the camp at Texas City, where over 10,000 regulars had been encamped for months. Such a scene as here pictured was witnessed. The faithful army mules were also brought into service for the transportation of supplies from Fort Bliss to the border.

PROGRAM IS
MADE TODAY

Sixth District Federation of Clubs
Leaders Make Final Draft for
Convention

TENTATIVE PLANS ARE READY

Reasons Why Indiana Needs New
Constitution and Other Subjects
Are Assigned

The final draft of the program for the annual convention of the sixth district federation of clubs, which will be held in Richmond Thursday and Friday, May 21 and 22, was made at a meeting of the program committee today in Richmond. Tentative plans regarding the program have already been announced.

The principal speaker at the sixth district convention will be the president of the State Federation, Miss Vida Newsome, of Columbus, Ind. Most of the time Thursday will be devoted to the reception of delegates and social affairs, including a tea party to be held on the lawn of the William Dudley Foulke home, with the members of the Cycle club as hostesses. There will also be automobile parties, the machines to be furnished by the Commercial club.

Thursday afternoon there will be a musical entertainment at the high school auditorium by the Garfield orchestra.

At the same place Thursday evening Prof. Harlow Lindley of Earlham college will lecture on the history of Wayne county and an address of welcome will be made by Mayor Robbins. Miss Sarah Hill, a member of the school board, will also welcome the delegates. A response will be made by Mrs. E. Sowash, of Middletown. Music will be furnished by the high school orchestra and Miss Leona Thomas, a gifted young violinist, who is the protegee of the women's clubs of this city.

The several committees will make their reports Friday morning, and the county chairman will also report at the same time. At this time Mrs. M. F. Johnson of this city, chairman of the art committee of the National Federation, is to extend greetings to the delegates on behalf of the national organization.

One of the interesting features of the convention will be the exhibit of the committee in charge of work among the blind.

Among the speakers at the convention will be: Mrs. Montgomery, Shel-

byville, "The Work of the Blind School;" Mrs. Phoebe Bracken, Brookville, "Why Indiana Needs a New Constitution;" Mrs. A. K. Moffet "The spread of the Library Spirit."

PROHIBITIONISTS
WILL NAME TICKET

Will Hold Convention Here Week
from Today to Nominate Candidates for County Offices

ADDRESSES ON THE PROGRAM

O. F. Guffin, county chairman of the prohibition party, announced today that the county convention of the party would be held in the court house assembly room Wednesday, May 13, a week from today, beginning at nine-thirty o'clock in the morning, for the purpose of nominating the following ticket. Representative, judge, prosecutor, treasurer, sheriff, coroner, recorder, surveyor, assessor, commissioner for the middle and northern district and seven members of the county council—at large and four to be nominated by and for their respective districts. District No. 1, Ripley, Posey and Walker townships; District No. 2, Orange, Anderson, Richland and Noble townships; district No. 3, Rushville township; district No. 4, Jackson, Center, Washington and Union townships.

Mr. Guffin says there will be able singers and speakers present. It is earnestly requested that every person interested be in attendance.

"KID" WIFE ASKS DIVORCE

Bride of Three Months Wants
Separation—Only Sixteen

(By United Press.)

Wabash, Ind., May 6.—Married, and seeking divorce at the age of sixteen—that tells much of the story of Mrs. Ogarretta Pfiel of this city. Her husband, Simon Pfiel, is only eighteen, yet if the allegations in the complaint are true, he is frequently intoxicated, associates with other women, has a sweetheart in Indianapolis, and treats his young wife cruelly. The two have been married only three months. The case probably will be tried in the next term of court.

WOMEN INSPECTORS ON JOB

(By United Press.)

El Paso, Tex., May 6.—That pretty señoritas who smiled sweetly at Uncle Sam's customs officers and soldiers at the El Paso end of the international bridge were smuggling cartridges by the wholesale across the border to Rebel troops in Juarez was the discovery made here today.

Infantrymen off duty down town heard a jingling noise when a Mexican girl boarded a street car for Juarez. They followed her and saw a stream of cartridges escape from a tear in her blouse. Women inspectors were today stationed at the international bridge with instructions to search every Mexican girl crossing the border.

BITTLER ADDS A MUSTACHE

Democratic Candidate Thought he
Looked Too Young.

(By United Press.)

Indianapolis, May 6.—The hundreds of delegates who attended the Democratic state convention and got in personal touch with George Bittler, whom they nominated for state treasurer, wouldn't recognize youthful George if they saw him now. George not only has freshened from his tiresome campaign, but he has added a mustache—and it's a red one and is flourishing. Bittler thought he looked too young, so he decided on the alternation. It aged him fast. Now he is busy passing out new pictures to the newspapers.

RUN-DOWN FOR YEARS

Strength Restored by Vinol.

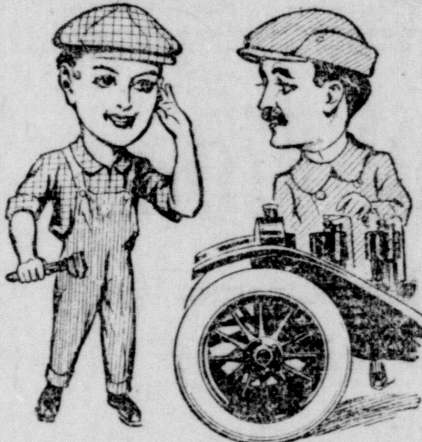

Strength and even life itself depends upon nourishment and proper assimilation of food, and unless digestion is good the whole body suffers.

Mrs. C. W. Bashby of Moundsville, W. Va., says: "For years I was in a weakened, run-down condition, and I could not find anything that would help me. Vinol was recommended and I tried it. Before I finished the first bottle I was better. I continued its use and am as well as ever. I have gotten several neighbors to take Vinol with the same result."

We know the great power of Vinol, our delicious cod liver and iron tonic without oil, in building up all weakened, run-down persons, and for chronic coughs, colds and pulmonary trouble, and that is why we guarantee to return your money if it does not help you. DEMOCRATIC VOTE IS HEAVY

(By United Press.)
Indianapolis, Ind., May 6.—The ratio of votes per precinct heard from the Marion county primary is maintained, the Democrats will have cast approximately 16,000 votes. The Republicans apparently lead the Progressives by about 4,000. The best estimate obtainable today placed the Republican vote at 6,000 and the Progressive vote at 2,000.

At the election of 1912 the Progressives cast about 6,000 more votes than the Republicans.

(By United Press.)
Nogales, Ari., May 6.—Details of decisive Rebel victory over the Mexican Federals at Acaponeta were received today at the Constitutionalists junta in Nogales Sonora. A Rebel general wired that his troops has dispersed a strong command under General Soloras, capturing 300 men, three cannon, 6,000 guns and several thousand rounds of ammunition.

A later message from Acaponeta said the Rebel forces were almost in Mazatlan and that the fall of that place is only the matter of a few hours. It said Rebel artillerymen had exchanged shots with the Federal gunboat Moras in the Mazatlan harbor and had so badly damaged the vessel that she grounded. It also asserted the Rebels had captured Islad D. Pidra, commanding the Mazatlan harbor, and had mounted cannons there.

ANTICIPATE A BIG CONCLAVE

Continued from Page 1.

of the Rushville commandery is called to the fact that their headquarters for the conclave will be at the Claypool hotel. It is also pointed out that Raper commandery No. 1 of Indianapolis will exemplify the Order of Malta in full form at the Masonic temple Tuesday evening at eight o'clock. Other commanderies exemplify the Order of Malta only in shortened form.

There are a series of receptions and banquets from the time the conclave opens until it closes. The grand parade will take place at one o'clock Wednesday afternoon. At 2:30 Raper commandery will give an exhibition drill in Univesity park and again at 10:30 that night on the roof garden of the Masonic temple.

BECKER GOES ON TRIAL AGAIN TODAY

First Step of Attorney For Ex-Police
Lieutenant Becker is Balked at
Opening Today.

CURIOUS THROG ATTENDS

(By United Press.)

New York, May 6.—Prompt denial of a motion for a change of venue to Former Police-Lieutenant Charles Becker, accused of plotting Herman Rosenthal's murder, came today in superior court soon after court opened. Becker's attorney also attempted to have District Attorney Whitman declared in contempt of court, and in court said this motion would be ruled on this afternoon.

Every entrance to the court room was jammed with a throng of curious east-siders.

WILL ADJOURN BY JULY 1.

(By United Press.)
Washington, May 6.—Congress will adjourn by July 1. That was the confident prediction today of Senator Kern, Democratic floor leader and chairman of the Senate steering committee after a conference with President Wilson by a sub-committee consisting of himself and Senator O'Gorman and Senator Hoke Smith.
